

Chris Heaton-Harris
Member of Parliament for Daventry
House of Commons, London SW1A 0AA
Tel: 020 7219 7048

Dear Head Teacher,

September 2023

2023 Annual Christmas Card Competition

I hope your new term is off to a great start, and would like to wish you, your pupils and staff a successful year ahead.

I'm getting in touch today because I am keen to visit as many schools in the constituency as possible in the near future. This can be conducted in any format you'd like - I'm happy to address a school assembly, hold a question and answer session with school leaders/teaching staff, or simply have a sit-down chat with pupils! Please send me an email if you would be interested in arranging a visit (or indeed if I can be of any assistance more generally).

Last year I held my second annual Christmas card competition amongst all the primary schools in the Daventry Constituency and would be delighted if some of your students would like to participate.

I enclose a copy of last year's Christmas card winner and runners-up which I am sure you will agree was exceptional. Also enclosed is a classroom template for students to use for submission however, cards can also be submitted as a traditional 3D card. Visit heatonharris.com for more printouts.

The deadline for submissions will be Friday 10th November in order to give us sufficient time to judge the winner and runners-up.

For those who wish to participate, they will receive a certificate sent directly to the schools. The winner's card will be hand-delivered by me to the Prime Minister, Rishi Sunak MP. Further to the same, I will arrange a visit with the school to present the winner with their certificate and gift.

All entries should be passed to my constituency office at:

Chris Heaton-Harris MP, Bishop Crewe House, North Street, Daventry NN11 4GH

Please clearly print on the back the name of the school, class, the artist's full name, and their age. There is no criteria for the design – it could be about Daventry, Christmas, Parliament, or something completely different. 3D designs are fine to use Glitter however Glitter isn't recommended on 2D designs due to printing/scanning issues.

I look forward to seeing all the entries for my Christmas Card competition, good luck!

Yours faithfully,

CHRIS HEATON-HARRIS MP
MEMBER OF PARLIAMENT FOR DAVENTRY
