Maths

Fractions

Decimal Numbers as Fractions

Aim

- I can read and write decimal numbers as fractions.

Success Criteria

- I can explain the place value position of decimal numbers using the vocabulary of tenths and hundredths.

- I can write a decimal number as a fraction.

- I can use Venn and Carroll diagrams to sort decimal numbers.

Decimal Tenths

Count forwards and backwards along the decimal tenths counting stick.

0 | 0.1 | 0.2 | 0.3 | 0.4 | 0.5 | 0.6 | 0.7 | 0.8 | 0.9 | 1

Decimal Tenths Counting Stick

Count forwards and backwards along the decimal tenths counting stick.

0   0.2   0.4   0.6   0.8   1   1.2   1.4   1.6   1.8   2

Decimal Tenths Counting Stick

Count forwards and backwards along the decimal tenths counting stick.

0   0.5   1   1.5   2   2.5   3   3.5   4   4.5   5

Decimal Numbers

Not all numbers are whole numbers. Numbers that have digits to the right of a decimal point are numbers between whole numbers.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the decimal point** is a **tenth**.

Ones	Tenths
0	3

$$0.3 = \frac{3}{10}$$

This decimal number has three tenths.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the decimal point** is a **tenth**.

Ones	Tenths
0	· 8

$$0.8 = \frac{8}{10}$$

This decimal number has eight tenths.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the decimal point** is a **tenth**.

Ones	Tenths
0	· 2

$$0.2 = \frac{2}{10}$$

This decimal number has two tenths.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the decimal point** is a **tenth**.

Ones	Tenths
0 ·	9

$$0.9 = \frac{9}{10}$$

This decimal number has nine tenths.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the tenth column** is a **hundredth**.

Ones	Tenths	Hundredth
0 ·	3	5

$$0.35 = \frac{35}{100}$$

This decimal number has three tenths.

This decimal number has five hundredths.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the tenth column** is a **hundredth**.

Ones	Tenths	Hundredth
0 ·	7	4

$$0.74 = \frac{74}{100}$$

This decimal number has seven tenths.

This decimal number has four hundredths.

Decimal Numbers

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the tenth column** is a **hundredth**.

Ones	Tenths	Hundredth
0 ·	1	8

$$0.18 = \frac{18}{100}$$

This decimal number has one tenth.

This decimal number has eight hundredths.

Decimal Numbers

Whole Class

Let's explore the place value of a decimal number.

Any digit immediately to the **right of the tenth column** is a **hundredth**.

Ones	Tenths	Hundredth
0 ·	0	5

$$0.05 = \frac{5}{100}$$

This decimal number has zero tenths.

This decimal number has five hundredths.

What's My Number?

Sit back to back with your partner, so that one of you can see the whiteboard and the other one can't.

The person facing the whiteboard will have 30 seconds to describe the decimal number shown on the board using the language of tenths and hundredths.

Score 1 point if the other person writes the correct fraction equivalent on their individual whiteboard.

Swap roles for the next round.

What's My Number?

Round 2

0.65

$= \dfrac{65}{100}$

Place Value Disco

Placed around the room are four different place value posters:
Tens, Ones, Tenths and Hundredths.

We are going to use these place value posters to play a game.

The whole class should stand in the centre of the room.

When the music plays, you can move around the room.

When the music stops, you should move to stand at one of the place value posters.

When the music stops a decimal number will be shown on the board. If the highlighted digit in this number is in the place value column of the station you chose to stand at, you score a point. Keep track of your own points.

Who will earn the most points?
