Our Local Area: Field Trip

WOW!

Today we continued our Local Area learning by going on a walk around our village, Aston-le-Walls. The children worked in pairs to follow a map of the village as we walked, using it to identify some key landmarks such as school and church. We then took a trip to Pocket Park. Here the children had great fun on the swings and identifying some of the wild plants and wildlife. We ended our trip by sharing some birthday cake that one of the children brought in and reading one of our favourite books, *The Leaf Thief*.
