L.O. To understand what Chinese culture is like

Food Tasting!

WOW!

To finish our All About China unit, Fisherman Class sampled a selection of Chinese food. The children were offered rice, noodles, sweet and sour sauce, cucumber and prawn crackers. We even had a go at using chopsticks!

The children thought about the way that the food looks, smells and tastes and discussed which food they liked, and which they disliked. The firm favourite in Fisherman Class was the Prawn Crackers!
