

Teach Rex Math's Reasoning Day.

Farmers Class 20.11.20

WOW!..... What a brilliant day we have had!

The children in Farmer's class had a fun packed day learning about dinosaurs. They watched 'Andy's dinosaur adventures' to find out about dinosaurs, how they moved and where they lived.

The best part of the day was the visit from 'Teach Rex' where the children got to meet dinosaurs! They then got creative and used a variety of recycled materials to make model dinosaurs. They had to think carefully about the shapes they used and how they would go together. The children worked brilliantly in teams to make their models.

In class the children explored dinosaur themed maths activities to develop their problem solving and reasoning skills, these included:

Dinosaur Measuring

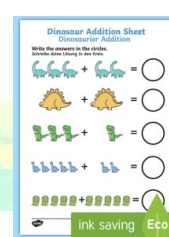

Dinosaur Skeleton matching

Sorting dinosaurs into sets

Dinosaur addition

Please ask your child about their day so that they can share their learning with you.

If your child enjoyed watching Andy's Dinosaur adventures, there are many more episodes they could watch on the BBC website (Link below).

Andy's Dinosaur adventures: <https://www.bbc.co.uk/iplayer/episode/b03wc5fl/andys-dinosaur-adventures-1-trex-and-pumice>

Story time: <https://www.bbc.co.uk/iplayer/episode/b09mphsv/cbeebies-bedtime-stories-615-eddie-redmayne-if-i-had-a-dinosaur>

Thank you for your support, we have had an amazing 'wow' learning day!
