

Wow!

Warwick Castle

Carpenters Class went to Warwick Castle. The children widened their understanding of their topic 'Riotous Royalty'. We explored the many attractions/features of Warwick castle including the Falconers quest: 'A BREATHTAKING DISPLAY'. We joined the Falconer on a quest for the finest birds across the land in our all-action, dynamic display of aerial acrobatics, set in a stunning riverside location within the castle grounds. It featured up to 60 magnificent birds, with huge wingspans of up to 9 foot. The trip also included a workshop on 'Attack & Defence' assisted by medieval costume and replica weapons (wood) the class were guided to imagine the challenges facing any army foolish enough to attack the mighty Warwick Castle.
