Wow!

## Farmers Class have live caterpillars!

On Monday the children came back to school to find an 'Investigation Station' set up with things to explore. On Tuesday a net appeared on the table and the children talked about what the net could be for.....

### Investigation Station

### The caterpillars have arrived!

The children used the mini models to sequence the stages of a butterfly life cycle. The children worked out that the net is for our caterpillars so that they can watch them as they transform into butterflies!

### The Very Hungry Caterpillar

The children listened carefully to the story of 'The very hungry caterpillar'. They talked about the stages of the butterfly life cycle and acted it out.

Egg

Caterpillar

Cocoon
