

St Marys Catholic Primary School

HEALTH AND SAFETY Policy

Introduction

As the employer of staff, ST MARYS CATHOLIC PRIMARY SCHOOL has overall responsibility for the health, safety and welfare of staff and students in the academies. St Marys recognises that decisions about workplace health and safety should take account of the views and priorities of the workforce as well as the management. When workers are actively engaged in health and safety, the end result is fewer accidents and less ill health.

St Marys will put in place clear policies which focus on the key risks and in checking that control measures have been implemented and remain appropriate and effective.

In order to fulfil its monitoring role, and to initiate and review health and safety policies and procedures the Governing board will review actions annually. This will operate under the terms of the Safety Representatives and Safety Committees Regulations 1977. This committee will meet termly where necessary e.g. During COVID.

Although overall accountability for health and safety lies with St Marys Catholic Primary School, day-to-day responsibility and accountability for the health and safety of staff and students in school is delegated to the Headteacher, who in turn will delegate particular functions to other staff.

The local governing bodies of academies within ST THOMAS OF CANTERBURY CATHOLIC Academy Trust are not the employers of staff but play an important role in ensuring strategic direction and will work in close partnership with the headteacher and Senior Management Team of the academy and relevant staff of the trust to support good health and safety management.
