

# *A Caribbean Dozen*

## *WOW!*

*Fishermen Class have been exploring poems and poets from the Caribbean. We learnt some of our favourite poems and performed them to the class. We also wrote our own poems about pets using adjectives and expanded noun phrases. We looked at the poets autobiographies and what influenced them growing up in the Caribbean.*

*We shared our own autobiographies at our launch event and read them to the class.*

*We are all amazing writers and loved sharing our poems and autobiographies with our friends!*
